- fast and easy change of scent cartridge
- wall mounting & retrofitting possible
- scent cartridge: 975 ml

## Would you like to enjoy noble fragrances in all facets, unadulterated and natural?

Then you should decide for the professional AromaStreamer® system, because the diffusion of scents requires a sophisticated system which ensures a uniform complexity of the scent.

The compact AromaStreamer® 850 is such a scenting device and works on the principle of cold evaporation.

The gentle and micro-fine misting of exclusive scent compositions guarantees a fast scenting for areas up to 600 m<sup>2</sup>. Thanks to the built-in multifunction timer, the Aromastreamer® 850 can be easily accessed by an app via Bluetooth and quickly programmed to your desired working hours.

Furthermore you can set different fragrance intensities per day to guarantee a unique scent intensity appropriate to your demands. The included odor absorber in our fragrance compositions removes and neutralizes unpleasant odors quickly and effectively.
