AromaStreamer® 650 Wi-Fi

reimarom® AromaStreamer® 650 Wi-Fi:

- comfortable operation via Wi-Fi
- easy control from your Smartphone/Tablet
- minute and day accurate real-time programming
- quick and easy change of scent cartridge
- scent cartridge: 150 ml

Would you like to enjoy noble scents in all facets,
pure and natural?

Then you should decide for the professional AromaStreamer® system, because the diffusion of scents requires a sophisticated system which ensures a uniform complexity of the scent. The compact AromaStreamer® 650 is such a scenting device and works on the principle of cold evaporation. The gentle and micro-fine misting of exclusive scent compositions guarantees a fast scenting for areas up to 150 m². Thanks to the built-in multifunction timer, the Aromastreamer® 650 can be easily accessed by an app via W-LAN and quickly programmed to your desired working hours. Scenting intervals programmable to the second, guarantee a uniform and optimal scenting effect. The brand-new live transmission of the level indicator provides the perfect overview. Unpleasant odors will be removed quickly and effectively by an absorber in our scents.

To set your AromaStreamer® 650, please simply download the free app "Scent Wifi" from your App Store or Google Play Store.

Design:
front: white
case: black

Material:
front:
white acrylic glass

case:
aluminium, black,
powder-coated

Technical data:
prim. 220 V,
sec. 12 V, 10 W
